

Hello, I am Adam and I work for New Generation Ski School.

We are looking for new instructors, initially to work with us during the busy periods in France - however many of our full time team have started this way, so there may be future opportunities to work for the full season. To work with us it is essential that you have a good command of the English language - a majority of our clients are British and all our lessons are taught in English.

We also look specifically for individuals who fit our values and ideas as a school - passionate instructors who enjoy working in a supportive and fun environment providing a high quality, safe and enjoyable lesson for our clients. We work in a number of schools across France - Which resort we need instructors for depends on demand, and there can be opportunities to experience different resorts through the winter.

The pay rate varies slightly in each resort but is approximately 48€ per hour. We also provide you with a lift pass and uniform and can help arrange accommodation.

To work in France you need to hold a Carte Professionnelle, and we can help you with this application. Once you have one it lasts for 5 years and the process is relatively straightforward with a Maestro license. If you are interested in working with us please contact me on [adam.whale@skinewgen.com](mailto:adam.whale@skinewgen.com)

For 2020 we are still looking for instructors for the week of 16<sup>th</sup> February. If you can make this year but would like to in future winters please also get in touch.

Many thanks,

Adam Whale,

New Generation
